Are you a new or experienced teacher looking to bring more meaning to your work? Are you looking to learn and grow, rather than just survive each day? Would you like to get unstuck? This class will help you understand the importance of reflection, for your classroom and you. These skills will help you in your personal and professional life.

Co-Teaching Effectively

April 9: 6:30pm to 8:30pm

Location: Kids Creek at Messiah Lutheran

Stick Chick and her friend will come to visit for this session and explain what happens when you work closely with another individual and how to maximize that relationship. The health of the co-teaching relationship impacts the quality of the classroom, the development of children, and the ability to partner with parents. Whether you're working within a new team or looking to fine-tune your partnership; bring your team and have fun together!

Winning with Challenging People
