Trauma Informed Schools

Designed for All school staff this training provides ALL educational staff with the 10 steps to creating a trauma-informed school.

Topics Include:

- | | |
|---|---|
| 1.) understanding trauma and its impact on students | 6.) fostering connections |
| 2.) viewing trauma as an experience | 7.) promoting play |
| 3.) the link between private logic and behavior | 8.) collaborating with families and the community |
| 4.) prioritizing social-emotional skill development | 9.) supporting staff |
| 5.) establishing safety | 10.) collecting and utilizing data |

In addition to these topics we will discuss how school staff can incorporate findings from the Adverse Childhood Experiences (ACE) study into their education and support services. We will view and discuss a film on resilience and how this new science and fresh approach can change the lives of students for the better. We will explore strategies you already use such as CSEFEL, Conscious Discipline and others viewing them through a trauma-informed lens.
